

THE 4 P'S OF FALL PREVENTION

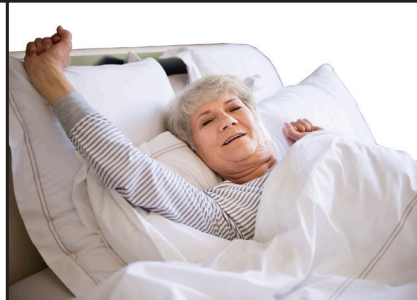

POTTY - Does your resident need to use the bathroom?

Always ask before you leave the room.

POSITION - Is your resident in a comfortable position?

Always ask if they would like to be turned or adjusted before leaving the room.

PAIN - Is your resident experiencing pain?

Always ask if they are having pain before you leave the room. If they are, be sure and report it.

PLACEMENT - Are all the items your resident would like placed within their reach?

Always make sure that the items a resident wants are placed within their reach.
